There are places I remember  
All my life  
Though some have changed  
Some forever not for better  
Some have gone  
And some remain  
All these places have their moments  
With lovers and friends  
I still can recall  
Some are dead and some are living  
In my life  
I've loved them all  
And of all these friends and lovers  
There is no one  
Compares with you  
And these memories lose their meaning  
When I think of love  
As something new  
Though I know I'll never ever lose affection  
For people and things

That went before

And I know I'll often stop and think about them

In my life

I've loved you more

In my life

I've loved you
