Lookout mama

Its comin to you

I can't tell you

What you gonna do

Rock and roll crazies

Get you right down

Make you feel so tough

Your feet leave the ground

Lookout mama don't you go too far >

Don't you get hung up bein' no rock and roll star >
chorus

You find out it's easy to lose your way >

Catch yourself practicin' bein' shallow every day yeah
>

Don't wanna tell you

How to run your scene

I only can tell you

What happened to me

Keep you eyes open

Keep a clear head

The woman inside you

Might wind up dead

chorus --

Girl I love you-oo-oo

Yes I was taken

After it'd been a while

Wondered was I mistaken

Only my foolish pride

Sensibilities shakin'

Picking up piece by piece

You say I was shaken

Musica latina es cuban bluegrass

If I could thank you now

Feeling much smoother

If I could just be here

Make it much cooler

Dale su alma bien

Por la descarga

Nada importa pues

En lo que hagas
