"Lovelier In Black"

Crushed by a Big Truck
My lipstick made no mark on you
I was lost and forgotten like a New Moon
The destruction is complete

The sun shines in degrees
The noise is gone when you're in me
Faithless love and down we sink
Into a pure sweet dream

"You never looked Lovelier in Black.
You'll never Look Lovelier."

Our Burning City falls
We glitter like the sea water
Life's a rollercoaster's and we can't hold on
To the magic of success

Transatlantic hearts
My Sweetness I don't want to lose
But my impulse is to run from you
I got Cerulean blues

"You never looked Lovelier in Black.
You'll never Look Lovelier."

I'm beaten and broken by Presidents and Kings
I'm empty cuz you've stolen the very heart of me

"You never looked Lovelier in Black.
You'll never Look Lovelier."
