When I'm with him, I'm on another planet
(untouchable, unreachable)
He cries in movies
He looks so good in fashion
(so private, so fine yeah)

I feel him next to me
I can't breathe
I know he wants me

Mixed signals won't you make a move?
You want me when I'm gone
The operator's saying you need to telephone
Do you want me one on one?

When we kiss, we get a little closer
(incredible, investable)
He fills his flat with pictures of his mother
(unattainable, unsaveable)

He's just a guy I want
He looks good in drag
No he's not like that

Mixed signal won't you make a move?
You caught me on the run
I need a clear connection
Got a new telephone
I want you one on one
ooh ooh

Mixed signals won't you make a move?
You caught me on the run
You caught me with a gun
The operator's saying you gotta telephone

Mixed signals won't you make a move?
You got me on the run
I need a clear connection
You want me one on one?

Mixed signals won't you make a move?
Mixed signals he won't make a move
