It was all or nothing  
This much I know  
A chance I had to take  
My instinct I followed  
And if I do regret it  
It's just a leason learned  
Could you stay another day?

It's all a blessing  
I should tell myself  
It's all for a reason  
And only a cry for help  
And maybe next time  
I'll find a different way  
To stay another day

Just show me the way  
Show me the way  
Show me the way  
Show me the way  
Show me the way  
Show me the way

How long, how long  
Is there time enough to change it?  
How long, how long  
Will I know when I have found it?  
Stay in my life  
Teach me how to find my way  
Stay here, all eyes  
Are upon you hoping  
Would you help me?

Just show me the way  
Show me the way  
Show me the way  
Show me the way  
Show me the way  
Show me the way

I feel you close to me at night  
I always know that you are there

There is a part of me that walks alone  
Until I'm with you again

I'm not taking the easy way out  
Taking the easy way out  
I'm not taking the easy way out  
Of here, of here, of here
