The keen yellow planet  
Bleeding out into the night  
Hidden ocean of longing  
Now tell me that this is right  
Intoxicated by stars  
Very far away from land  
At a hotel near the airport  
I hear the planes start and land  
I'm never close  
I'm just that shadow  
Underneath your window  
I like the pose  
All night my naked stare  
Will make you stay awake  
The keen yellow planet  
Bleeding down over the earth  
All dead serious lovers  
Now tell me what this is worth  
Intoxicated by darkness  
Very far away from home  
This poison must be harmless  
'cause my body is still warm  
I'm never far  
From where I lie  
I'll easily reach and touch you  
I will stir your heart  
I will stare you out till  
You return my gaze  
The keen yellow planet  
Bleeding out into the night  
Hidden oceans of longing  
Now tell me that this is right  
I'm never far  
From where I lie  
I'll easily reach and touch you  
I will stir your heart  
I will stare you out till  
You return my gaze
