She's coming
ssshh
She's coming

I can feel it inside me
Churning like a thunderstorm
It's ju-ju stirring my witches brew
And lightning cracks
Snaking up my back
Primal passion flashback
Eternal aphrodisiac
Kali - accelerate me!

Sever my ego with the sword of sapience
Fire burn away my ignorance
Transcendental peace and strength
New levels of consciousness
I am the first choice of the primal impulse
The indestructable feminine force
Defined by no man
Untouched by male hands
I am Kali
Accelerate me!
