Mother, your earth is in my blood  
Soil and water, one  
I am born of the primordial soup  
Cooked in the crater of your great womb  
Energised in the presence of your opposite  
You fill his heart of emptiness  
And you are within me inside my reality  
I bathe in your dream waters

Yoni, he stares there wondering about conquering  
Will I fuck it? Will I eat it? Will I kill it?

If he bathes in your blood you will turn him to stone  
Like his lifeless cities and the memory of his-story  
The wars fought over that is 'twixt your legs  
Yet your blood is shed for life, not death  
Virgin, complete unto yourself - not celibate
