Hello, hello, hello, hello, hello, hello, hey
Hello, hello

I have a dream that's on my mind
It never let's me go
I'm running round in circles
It's driving me crazy
Cause in that dream I see your face
Wherever I may go
But when it comes to real life
You're hiding in darkness, woohoo

Hello hey! What's your name?
I need to know (hello)
Now I found you my mysterious boy
Hello hey! Don't go away (hello)
Cause I love you babe

Oh, what a joy life can be
Just wanna scream it out
I think I made a breakthrough
I finally saw you
Though you're gone, you're disappeared
The magic still's around
I think I might have found you
The boy in my dreams, woohoo

Hello hey! What's your name?
I need to know (hello)
Now I found you my mysterious boy
Hello hey! Don't go away (hello)
Cause I love you babe

Hello, hello
My mysterious boy
Hello, hello

My mysterious boy

Hello, hello

My mysterious boy

Hello, hello

And I am glad

My dream is over (my dream is over)

Cause when I see you I feel free

Hello, hello

Hello hey! What's your name?

I need to know (hello)

Now I found you my mysterious boy

Hello hey! Don't go away (hello)

Cause I love you babe

Hello, hello

My mysterious boy

Hello, hello

My mysterious boy

Hello, hello

My mysterious boy

Hello, hello
