I don't care what they say (I'm crazy for you baby)
cause we got a rocksteady love
I don't care what they do (I'm here to stay baby)
cause we got a rocksteady love

I don't care what they say (aha)
I love you anyway (aha)
no need to go insane
cause we got a rocksteady love

I know we're different
It's quite insane
we found each other
and no one is to blame

You make me happy
I'm glad you came
I know I missed you
I hope you done the same

I love you anyway (aha)
no need to go insane
cause we got a rocksteady love

I don't care what they do (aha)
I'm so in love with you(aha)
I know you feel it to
cause we got a rocksteady love

(baby baby)
I know we're different
I like your style
sometimes crazy
but always with a smile

people talking
they out of line
It's so amusing

we go together fine
