Whatcha call me?

[x2]

Hardcore used to be for the ravers  
Now it's all about the money  
Selling broke down rubbish  
With horrible bass, it's just not right

What it should be about is riffs  
Riffs and tearing bass  
Percussion that makes me happy  
And vocals, that make me wet my nappy

I don't wear nappies I'm five

[x5]
