If you see a change in me don't wonder

There's Someone in my life

And peace I can't describe

For I've been reborn

If you see a change in me don't wonder

I've found a whole new life

And hope that I can't hide

For I've been reborn

Have you ever felt

A longing

A searching within your soul for something more

But you don't know what for

There's One who will reach across the distance

From the heavens to the earth

Because He loves you

He loves you

If you see a change in me don't wonder

There's Someone in my life

And peace I can't describe

If you see a change in me don't wonder

I've found a whole new life

And hope that I can't hide  
For I've been reborn  
If you see a change in me  
Have you ever felt  
That something's missing within your soul  
You want something more  
But you don't know what for  
There is only one you need  
But you got to believe that He loves you  
Enough to give His life  
If you see a change in me don't wonder  
There's Someone in my life  
And peace I can't describe  
For I've been reborn  
If you see a change in me don't wonder  
I've found a whole new life  
And hope that I can't hide  
For I've been reborn
