Lord I want to know you more
Let your word renew my mind
And Lord I want to love you more
Let your spirit heal my heart
Teach me, lead me, work your will through me
Help me, guide me, Lord show your glory
Show your glory
Lord I want to worship You
With more than words alone
And Lord I want to serve you more
Your life revealed in me
Take me, make me a vessel for your love
Shake me, break me, Lord show your glory
Show your glory
