We will not bow to the world
We will bow down to the Lord
Take up the fight and
Take up the armour
Take up the sword
We'll stand with Him
We'll fight on the beeches
We'll fight on the streets
Invincible!
Take up the challenge, He is calling
Stand up together, He is calling
We will not bow down, No
We will not bow down, No
We will not bow down
We won't bow to the world
