Rock you in my car
Feel the fire superstar
Turn up the bass and adjust the seat
I'm on you like a shark on meat

Push the button on my stereo
Then baby we can go go go
I got new speakers that go really loud
I can't wait to to get away from the crowd

C'mon c'mon i wanna get you alone
I wanna have you all to my own
C'mon I gotta get you alone
And lure into the danger zone

I wanna take you down
But everyone's around
Let's make them all go away
Tonight I gotta make my play

Push the button on my stereo
Then baby we can go go go
I got new speakers that go really loud
I can't wait to get away from the crowd

C'mon c'mon i want to get you alone
I wanna have you all to my own
C'mon i gotta get you alone
And lure you into the danger zone

C'mon baby get in
Let's turn up the sin
Now it's dark and there's no one around
Baby you make my heart pound

Push the button on my stereo
Then baby we can go go go
I got new speakers that go really loud
I can't wait to get away from the crowd

C'mon c'mon i wanna get you alone

I wanna have you all on my own
C'mon I gotta get you alone
And lure you into the danger zone (repeat 2x)
