Hey!

I know where you live yea
And I want to live there too
I drive by almost everyday
It's not even really on my way
When am I gonna get to see you

I won't be misunderstood
It won't do you any good
Think I'm not the one you could
When I know that you would

I don't want to know if you don't want me no
And I don't want to know if you don't want me no

Hey!

I have a shirt that belongs to you
And I use it to guess all the things you do
I've already met your mom and dad
Said I'm the best one you've never had
And I think you should really reconsider

I won't be misunderstood
It won't do you any good
Think I'm not the one you could
When I know that you would

I don't want to know if you don't want me no
And I don't want to know if you don't want me no

I watched you through the window last night
And I thought I saw a girl in the candlelight
You think it's fair after all I've done
Restraining order's what I want
I sure hope it was your sister

I guess you misunderstood
Didn't do you any good
Cuz you thought I never could

Now you know that I would
Now you know that I would
Now you know that I would

I don't want to know if you don't want me no
And I don't want to know if you don't want me no
I don't want to know if you don't want me no
And I don't want to know if you don't want me no
