He's so glitchy, he's so cool.
He's the rabbest in the school.
When i see him walk our way
My friends all talk and i don't know what to say.

He will never look at me
How am i gonna make him see
'cause all the kids are going out alright
And i gotta look around tonight.

Chorus
(tonight) i'm gonna make him mine
(tonight) i'm gonna make him mine
(tonight) i'm gonna make him mine
I'm going to get in his pants tonight
And i'm gonna make him right
I'm gonna make him mine

After school we go downtown
Where we chow burritos down
Here he comes. oo-oo-oo
He's sitting alone, but i don't know what to do.

I'm gonna wait 'til no one's around
Then i'm gonna take him down
'cause i'm gonna tell the kids alright
And i'm gonna take a chance tonight

Chorus

(tonight) i'm gonna make him mine Repeat 12x
