In the shadows nothings worth my time  
Quiet offer make me change my mind  
Won't you take me where I wanna be?  
Say you'll never call  
Put your hands all over me up against the wall

I can't get over you (Perfect stranger)  
Don't wanna fall in love now  
I don't know what to do (Perfect stranger)  
Never gonna find another

Drunken master wanna take me home?  
Perfect strangers always sleep alone  
Won't you take me where I wanna be?  
Say you'll never call  
When you put your hands all over me up against the wall

I can't get over you (Perfect stranger)  
Don't wanna fall in love now  
I don't know what to do (Perfect stranger)  
Never gonna find another

It's never far forever, wish there was a better way  
When we came together said that I don't ever stay

[Guitar Solo]

Take me where I wanna be, say you'll never call  
When you put your hands all over me up against the wall

I can't get over you (Perfect stranger)  
Don't wanna fall in love now  
I don't know what to do (Perfect stranger)  
Never gonna find another

I can't get over you (Perfect stranger) I, I, can't get over you  
I can't get over you (Perfect stranger) I, I, can't get over you
