I can't wait to lose it.  
I'm like a time bomb ready to go.  
I'm so tired and it's saturday night,  
I'm looking for an easy show.

Chorus:  
'cause there's a shake in the action.  
I want some shake for some action, baby.  
There's a shake in the action.  
There's a shake in the action, baby.

They cut my brain out,  
And they took it away from me.  
I'm alright and it's friday night,  
And i'm so messed up on weed.

Chorus

Shake in the action.  
Shake in the action.

(shake) i can't wait to lose it.  
(shake) i'm like a time bomb ready to go.  
(shake) i'm so tired and it's saturday night,  
(shake) i'm looking for an easy show.

Chorus
