The show is done
But you're still hanging around
You want some fun
But I'm on my way out of town

You know you wanna hit it
So why don't you just admit it
You've got a crush on me
And it's easy to see
That you write about me in your diary
You got a crush on me
And it's never gonna go away

I talked to you
And you tried to play it cool
That's hard to do
When you're wiping off your drool

You know you wanna hit it
So why don't you just admit it
You've got a crush on me
And it's easy to see
That you write about me in your diary
You got a crush on me
And it's never gonna go away

You're all alone
Your friends all left cause you were waiting for me
You call my phone but you'll never get past my caller id

You know you wanna hit it
So why don't you just admit it
You've got a crush on me
And it's easy to see
That you write about me in your diary
You got a crush on me

You've got a crush on me
You've got a crush on me
You've got a crush on me
You've got a crush on me
