I'm not a girl, but not a boy  
I'm plastic dream, I'm bubble toy  
And even I, will never die  
Forever young, forever number one

Here I am  
My life belongs to corporations  
Open space  
And stars can be my decorations, eyah  
I am mickey mickey mouse  
Click on me  
And you will see i am not expensive  
I want you  
I hope you want me to submit my guest  
I'm mickey mickey mouse

One and two and three and four  
We are living on the floor  
Clap your hands and dancing  
Look at me i am so exciting  
Shining for  
All world and only you

Someone in my life  
Someone in my mind  
Come and take a picture of my soul  
Running through the days  
Dancing all the night  
Little mouse mickey so alone

I'm not a girl, but not a boy  
I'm plastic dream, I'm bubble toy  
And even I, will never die  
Forever young, forever number one

Listen up

I'd like to be your satisfaction  
Never stop  
Disturbing your imagination, eyah  
I'm sexy mickey mouse

Look at me i am so exciting  
Shining for  
All world and only you

I know you want me,  
You really love me...

Someone in my life  
Someone in my mind  
Come and take a picture of my soul  
Running through the days  
Dancing all the night  
Little mouse mickey so alone

I'm not a girl, but not a boy  
I'm plastic dream, I'm bubble toy  
And even I, will never die  
Forever young, forever number one
