I took a cold embrace from you  
I kept it all for myself  
The winter is cold without you in my heart  
I woke up alone again

Watch me burn watch me sigh  
Cause your with me weÃfÃçâ, -Ã™ II live a lie  
Watch me turn youÃfÃçâ, -Ã™ re my world  
YouÃfÃçâ, -Ã™ re with me weÃfÃçâ, -Ã™ II make it  
work

I watched the color drain from your eyes  
I wrote a letter to my heart  
ItÃfÃçâ, -Ã™ s raining on our lives I knew it would  
come soon

Watch me burn watch me sigh  
Cause your with me weÃfÃçâ, -Ã™ II live a lie  
Watch me turn youÃfÃçâ, -Ã™ re my world  
YouÃfÃçâ, -Ã™ re with me weÃfÃçâ, -Ã™ II make it  
work

But these feelings wont fade  
But these feelings wont fade  
But these feelings wont fade

I watched a nightmare become my life  
IÃfÃçâ, -Ã™ II wait till the end  
The world can spin on its own  
Your never coming home

Watch me burn watch me sigh  
Cause your with me weÃfÃçâ, -Ã™ II live a lie  
Watch me turn youÃfÃçâ, -Ã™ re my world  
YouÃfÃçâ, -Ã™ re with me weÃfÃçâ, -Ã™ II make it  
work

But these feelings wont fade  
But these feelings wont fade  
But these feelings wont fade
