It doesn't make sense to cut it off
I'm biding my time and keeping composure for
The perfect words
You've stolen my breath without a care
I gave it my all
I won't walk away from this
Without a fight

You left your heart and a note on the dashboard
I smiled as I read these words:
"Please don't let go of me"

You've broken my heart without a care
I worked so damn hard to keep this together when
You're not there
I'm losing my mind
You should've seen
The look on your face with every word you spoke
Rehearsed, so you could cut this clean

You left your heart and a note on the dashboard
I smiled as I read these words:
"Please don't let go of me"

You gave me what
Anyone would have died for
I smiled as I read these words:
"Please don't let go of me"
Of me

You left your heart and a note on the dashboard
I smiled as I read these words:
"Please don't let go of me"

You gave me what
Anyone would have died for
I smiled as I read these words:
"Please don't let go of me"

You gave me what
Anyone would have died for

I smiled as I read these words:
"Please don't let go of me"
