Intro:

Chorus:

Its been so long,
That i am fighting,
I am fighting,
A tragedy...
Tommorrow will be,
A life unseen,
A face unknown,
A destiny,

I am a child,
Going my way,
Day after day,
To my study place,
I would regret,
Doing wrong work,
Speaking wrong words,
And sexual things...

We are the desert sailors,
Sailing away,
O hoe...
O hoe...
You are the very soldier,
Sailing with us,
On the cross,

Chorus:

Intro.Chorus.1

Answer:

Tommorrow is another day,
I have to walk,
To some other place,
Can't remember,
If I had told my name,
I need to walk,
Even in rain,

Chorus.Dance:

Chorus.Vocal:

O I am alive,
Can you call my name,
Can you think of me,
Can you sing for me,
Tommorrow you will,
Come to church,
With a flower in hands,
Confess your sins,

Question:

We walk with sticks and shoulders,
Speeding away,
O hoe...
O hoe...
We are the saints and pastors,
Living in dreams,
For the cross...
