#### THE PIGGY-BACK RACE

Twas July 32 on Piggy Back Day  
and the crowds were all standing in each other's way  
they came there to watch him that awful disgrace  
The annual champ of the piggy-back race.

The cabbage roll kid just an overgrown yuke  
he was last years champ because he won by a fluke  
for ole grip tight Glenny was too thin to be seen  
and he lost his first prize to the cabbage machine  
And leprechaun Johnny would not have entered this  
deal  
but he had no way of knowing all the pigs would be real  
and the Skinners Pond hippie had a laugh in his face  
to see Leprechaun Johnny in a piggy-back race

Now the crowd started looking at a sight that was weird  
just an old pair of boots with a nose and a beard  
and it said I can win any prize in this show  
and he signed himself in Pinochio Joe  
now all the contestants there must have been 10  
were all ready to jump on their pigs in the pen  
but the whistle got stuck and so did the gun  
and there wasn't a soul there that could count higher  
then 1  
at last they were off each man to a hog  
for the 100 yard dash through that dirty old bog  
where that leprechaun vanished and left not a trace  
no more to return to the piggy-back race

now the man with the nose he was making good time  
he arrived with his hog at the finishing line  
they were covered with mud and their noses so big  
there was no one could tell which one was the pig

now old grip tight Glenny was no fool or no kook  
he slipped off his pig but came in but came in on the  
yuke  
and if you see a pig with a cowboy hat on  
it belongs to that hippie from old skinners pond  
now pinochio Joe he could never play chess  
but at piggy back riding we know he's the best  
so we gave him first prize a pie in his face  
and we found our new champ for the piggy back race
