She loves the way it feels, driving snowmobiles

And laughing at her dates when they don't know how to skate

She knows her hockey games and the players of the world

She's an all Acandian, northern lady

An Real Canadian Girl

She's from the Miramichi by the old Atlantic Sea

But like the rolling tides she travels far and wide

So fond of the great outdoors with a glowing heart a twirl

She's an all Acandian, northern lady

An Real Canadian Girl

She's a real Canadian Girl, a real Canadian Girl

She's an all Acandian, northern lady

An real Canadian Girl

She'll brave the Yukon nights and dance to the northern lights

Then she's off to ski in the mountains of BC

In the summer she'll play ball

In the winter time she'll curl

She's an all Acandian, northern lady

An Real Canadian Girl

From the river of Saint John to the old Saskatchewan  
Up along the Caribou she'll paddle her canoe  
She loves the bears and birds and every little squirrel  
She's an all Acandian, northern lady  
An Real Canadian Girl  
She's a Real Canadian Girl, a real Canadian Girl  
She's an all Acandian, northern lady  
An a Real Canadian Girl  
Now when you see her play she'll take yer breath away  
Bathing in the sun or swimming just for fun  
And if some lucky guy should land this presious pearl  
She's an all Acandian, northern lady  
An a Real Canadian Girl  
She loves the way it feels driving snowmobiles  
And laughing at her dates when they don't know how to skate  
She knows her hockey games and the players of the world  
She's an all Acandian, northern lady  
An a Real Canadian Girl  
She's a real Canadian Girl, a real Canadian Girl  
She's an all Acandian, northern lady  
An a Real Canadian Girl
