Alberta means so much to me, every time I play,
My old guitar, a melody, a song
And Rose I know you're waiting, out Alberta Way
For me to come back home and settle down

Chorus:

Alberta Rose, I miss you
The Ranch, the rolling foothills far away
And the songs of old Alberta, I sing them everyday
Rose I'm coming home to stay

Rose, I hear your name tonight, as Alberta lures my
soul
On the Westerly's that whisper in my window
You're home alone and waiting
For that sunny day
Well Darling tell your heart, I'm on my way

Chorus:

Alberta Rose, I miss you
The Ranch, the rolling foothills far away
And the songs of old Alberta, I sing them everyday
Rose I'm coming home to stay

Alberta Rose, I miss you
The Ranch, the rolling foothills far away
And the songs of old Alberta, I sing them everyday
Rose I'm coming home to stay x3
