"Muckin' Slushers"

Visit "[Muckin' Slushers](#)" on MotoLyrics.com

Come on you muckin' slushers

You jack leg, driller and blasters

The price of Uranium is up and there's money to make

Come on ya big rock boulders

Who answer to the name of miner

This old boom town is still around

On the shores of Elliot Lake

Time cards in and out, up and down cages

Gonna make Heaven out of Hell, earn wages

Come on quirky pay me now

I got eighteen holes I'm goin' pow, pow, pow

And there ain't no music finer

She's a damn good song for a miner, a damn good
song for a miner

When it's daylight on the town sight and a midnight a
way down under

I can hear the shift boss say "shes a muckin' out well"

With hard hats, boots and oilers

Were off to scale the stoke boys

Goodbye town we're a goin' down

To the belly of a man made hell

Time cards in and out, up and down cages

Gonna make Heaven out of Hell, earn wages

Come on quirky pay me now

I got eighteen holes I'm goin' pow, pow, pow

And there ain't no music finer

She's a damn good song for a miner, a damn good
song for a miner

In the afternoon we'll cage up to the surface and home
to supper

But we'll all meet at the Algoden later tonight

Where the wine and the beer and the singin'

Kinda gets a good miner swingin'

And we'll dance around this whole damn town till the
sun comes shinin' bright

Time cards in and out, up and down cages

Gonna make Heaven out of Hell, earn wages

Come on quirky pay me now

I got eighteen holes I'm goin' pow, pow, pow

And there ain't no music finer

She's a damn good song for a miner, a damn good
song for a miner

Come on you muckin' slushers

You jack leg, drillers and blasters

The price of Uranium is up and there's money to make

Come on you big rock boulders

Who answer to the name of miner

This old boom town it still around on the shores of Elliot
Lake

Time cards in and out, up and down cages

Gonna make Heaven out of Hell, earn wages

Come on quirky pay me now

I got eighteen holes I'm goin' pow, pow, pow

And there ain't no music finer

She's a damn good song for a miner, a damn good
song for a miner

One hell of a song for a miner!
