When the birds are singing springtime in the
mountains
And my heart is singing apple blossom time
Love is blooming in the Okanagan Valley
And little Okanagan Okee, you're all mine
I don't care if all the world might think I'm... hokey
When I'm strolling in the moonlight on the trail
With my sweet little Okanagan Okee
She's the fairest little blossom in this vale

Little blossom, forever true
Okanagan Okee, I love you
And of all the pretty flowers I have loved you from the
start
Okanagan Okee, Blossom of my eye

When the birds are singing spring time in the
mountains
And my heart is singing appleblossom time
Love is blooming in the Okanagan Valley
And little Okanagan Okee, you're all mine
I don't care if all the world might think I'm... hokey
When I'm strolling in the moonlight on the trail
With my sweet little Okanagan Okee
She's the fairest little blossom in this vale

Little blossom, forever true
Okanagan Okee, I love you
And of all the pretty flowers I have loved you from the
start
Okanagan Okee, Blossom of my eye

Little Okee, you're the blossom of My heart..
