Yes we are the Blue Berets
We're up and on our way
With another UN flag to be unfurelled
Till the factions are at bay and peace is on it's way
We'll display our Blue Berets around the world

Yes we are the Blue Berets
We're always proud to say
We'll stand between the mighty and the frail
And where children cannot play because war is in their
way
We shall send in our blue berets without fail

For we are the Blue Berets
And we know we're far away
Tell our family and our friends that come to call
If you count the lonely days
You'll see your blue berets marching home again to say
We Love You All

Yes we are the Blue Berets
We're marching on our way
Where bullets fly and rockets madly hurl
And where hungers never cease
And mothers try for peace
We try to bring some hope to an ugly world

We are the Blue Berets
We're marching on our way
With another UN flag to be unfurelled
Till the factions are at bay and peace is on it's way
We'll display our Blue Berets around the world

For we are the Blue Berets
And we know we're far away
Tell our family and our friends that come to call
If you count the lonely days
You'll see your blue berets marching home again to say
We Love You All

If you count the lonely days

You'll see your blue berets marching home again to say
We Love You All
