"Six Pacs"

Ladies and gentlemen it is my absolute pleasure to
introduce to you here tonight the Getaway People for
you listening pleasure.

Six Pacs and bigmacs keep us rollin' down the road
Cigarettes and coffee where ever we go
Learn to appreciate those simple little things
And open up my arms to what the road might bring
Cramped in a van
And we do the best we can
On a journey filled with tears and laughter
From the Joursey Turnpike we set sail
On the getaway rafter
People all around us, they shower us with love
You better keep it comin', 'cause we just can't get
enough
Where would we be without a little love
You cannot get by without a little love
Everybody needs a little bit o love sometime
x2
Now slip me a can
And I pour it in a glass
So we can share a little love and happiness

Don't matter who you are or where you came from
'cause if you're down with the G, came get some
Crusin' 'round the country through every little town
You always find the coolest of people come around
Where would we be
Six pacs and bigmacs
Where would we be
