good night my good friend
talk to me again
make me alive
the lights upon your pillow

i want the good news
don't give me bad news
'cause all that we know
is that the night in here is blue and we'll be laying here
tomorrow too

meet me here with log and fire
meet me here when the sky is turning red

maybe you'll go now
the scenes i have shown
but i don't want you to go!
the silence here around us

sweet dreams my good friend
they'll take you to places
far from this room
we'll be dancing like children on a burnished marble
floor

meet me here with log and fire
meet me here when the sky is turning red

now i see
there's another man inside me
he's got diamonds
a war in his mouth
believe me
in my dreams i can see you dancing with him
atrocities calling
history repeats

good night my good friend
talk to me again
make me alive
the lights upon your pillow

sweet dreams my good friend
they'll take you to places
far from this room
we'll be dancing like children on a burnished marble
floor

meet me here with dog desire
meet me here when the smoke is in our bed

now i see
there's another man inside me
he's got diamonds
a war in his mouth
believe me
in my dreams i can see you dancing with him
atrocities calling
history repeats
