[Emoress Stahhr] I'm still dope, even if the bag ain't  
coach Even if I don't smoke 'till the hydro roach I'm still  
dope, rock a thrift store coat, and a fresh pair of  
moccasins Comfortable for walking in No A&R  
marketing, this is my reality Still dope power walk  
burning off the calories Fact and not fallacy, Metal Face  
family Imminent fatality, taking us too casually I, got it  
it's cool, just part of the school And I'm acing the  
lesson this time so quit stressing Still dope: vibrant  
natural game No ring, no chain, still bringing the pain  
Still dope: got no choice but to cope, listen take notes,  
I'm showing you the ropes Still dope: very high dosage,  
my approach is lights out, buenas noches Hold my  
glasses so I can get riddick Send 'em home tail tucked  
holding they fitted Cold as a Guinness (One pint Miss!)  
Yo, chill, watch the table a fish might flip Crack jokes  
spit, pop mad shit That's what it's made for, cop that  
quick Drop that vick, butterfingers, oopsie! Signed  
away your publishing for Jordan's and a loosie? The old  
one-two see, solo not groupie All over they ass like  
sweats by juicy Cats is puss like Sagwa and Morris Stay  
spittin' lines there is no chorus Deploying the  
troublesome, sleep and bubblegum That's a double  
dumb, hum if you feel where I'm coming from Do it 'till  
your lips are numb, you gotta go for it I stay moving  
forward, I'm baby bear porridge Knick nack paddy  
wack fluck ya'll critics This dime on the grind when it  
comes to the spinach Conquered the ID, +Vicious+ like  
+Sid+ flow Not a nympho, impress official She rock  
mics, you wait to ?exhale? She rock shows like DMC  
rock Cazals She rock shells, manicured nails Rock for  
every belle with a spliff to inhale Holdin' she own cone  
of homegrown shrubbery Won't go hungry, the flow too  
lovely Leavin' grills dented on the SUV rented Classic  
as vintage Impalas that's all tinted Raw business, like  
how them wifeys get hitteed Authentic the track is so  
love I'm all in it Awww quit it, of course I'm inclined to  
shine, did-ick Line for line with it, climbin' infinite Â¿Tu  
no sabe? Yo soy una bien mala madre Confident aren't  
we? Playin' it smartly Word to Dios, Estrella is lethal  
Flow muy frio roll the dice chico Live crazy decent

insanely frequent Strangely sleep wit' one eye open not  
jokin', outspoken Provokin' and chokin' ego strokin' is  
lame Word +Bond+er than +James+, four alarm wit'  
the flame Way ahead of the game, still playing the  
same Royalty in my veins it'll always remain Forever  
doin' my thing solo or crew I can hang Like ylang and  
ylang bring the Yin to the Yang They got placenta for  
brains testing my venomous slang Fools get fitted for  
bangs and rented for change Some people think I'm  
deranged, others a little bit strange Just trying to rattle  
my cage, cause I'm way outta they range "...a monkey!"
