One more kiss before you go there'll be no harming
that I know
And the kiss will help so much to heal the pain
I've tried so hard to make you see just how much you
mean to me
But the more I try the less you dear for me
A broken heart a wedding band that never touched
your love in hand
How can I ever face is world alone
Sure as sun's up in the sky I don't care if I live or die
All I've got a broken heart a weddin' band
[steel - guitar]
I'm so glad that I've known you I guess there's nothing I
can do
I should have known I couldn't hold you the start
God bless you and your lucky man give him all the love
you can
Don't leave him with a broken heart a weddin' band
A broken heart a wedding band...
