"Jesus Hold My Hand"

Jesus hold my hand I need the every art
Through this troubled land protect me by your side
Hear my feeble plea oh Lord look down on me
For I need your light to guide me day and night blessed
Jesus hold my hand

As I travel through this troubled land there's a friend
who walks with me
Guide me safely through the sinking sand it is the price
of calvary
This would be my prayer to Lord each day to help me
do the best that I can
When I kneel and pray I hope to meet you there blessed
Jesus hold my hand
[organ - piano]
Jesus hold my hand...
Blessed Jesus hold to my hand
