At first when I heard of some people who say that old
time religion is real
I said I'll go down take a look at the crowd for it's just a
weak mind that I feel
I walked up the steps and peeked then at the door the
devil said don't you go in
I said it won't hurt me I just stepped inside and said as
for back as I can
They sang like they meant it with all of their hearts I
said it's emotion that's all
When they get down to pray I'll just get up and leave
I don't won't to be seen here at all
The preacher got up and he started to preach as he
looked right straight down at me
He told everybody just how mean I was didn't talk like
he thought so much of me
But something got a hold on me yes something got a
hold on me
I went there to fight but oh my that night God certainly
got a hold on me
I sat in my seat just a thinkin' it o'er and they all started
to pray
The fire fell from heaven I knelt to the door I've prayed
there as God had his way
At last now I know that I don't need to doubt I got an
experience that night
I'll never forget it as long as I live I've found that
salvation is right
Yes something got a hold on me...
