Don't ever  
Tell me I should never  
Stop trying, I'll living my dream  
Stop flying, just being me

Whatever  
We can go together  
United and music and song  
Excited, just come along

I'm crazy but I li-li-like it  
You're crazy and I like you too  
Doesn't matter what they say  
I will do it anyway  
We gonna make it  
We gonna take it  
We're going crazy  
Let's all agree

We like it

Don't ever  
Tell me I should never  
Stop dancing or rocking the stage  
I'm bracing, I'll do it my way

Together  
Together we'll do better  
Our voices, making it strong  
Our faces, we all belong

I'm crazy but I li-li-like it  
You're crazy and I like you too  
Doesn't matter what they say  
I will do it anyway  
We gonna make it

We gonna take it  
We're going crazy  
Let's all agree

You drive me crazy, you know that it's true  
I'm crazy about every single thing that you do  
All the boys and girls, put your hand in the air  
Let me hear that beat, now let's go crazy out there

(United and music and song)  
(Excited, just come along)

I'm crazy but I li-li-like it  
You're crazy and I like you too  
Doesn't matter what they say  
I will do it anyway  
We gonna make it  
We gonna take it  
We're going crazy  
Let's all agree

I'm crazy but I li-li-like it  
You're crazy and I like you too  
Doesn't matter what they say  
I will do it anyway  
We gonna make it  
We gonna take it  
We're going crazy  
Let's all agree

We like it  
We like it
