Girls, when we talk we make a lot of uh uh
Girls, when we walk we know we're looking hot
Boys wanna know why we talk a lot of uh uh
Boys wanna know the secrets we've got

Are we gonna tell it's all about them?
Making them feel they're part of the show
Are we gonna tell the truth about us
Boys you better listen, the answer is no

Girls, girls, girls, we're talkin' 'bout
Boys, boys, boys, we're talkin' 'bout
All the little things you do
Makes us crush on you!

Girls, girls, girls, we're talkin' 'bout
Boys, boys, boys, we're talkin' 'bout
All the little things you do
Makes us crush on you!

It's just girl talk!
It's just girl talk!

Boys, when you talk you make a lot of uh uh
Boys, when you walk you know you looking hot
Girls wanna know why you talk a lot of uh uh
Girls wanna know the secrets you've got
Are we gonna tell it's all about them
Making them feel they're part of the show
Are we gonna tell the truth about us
Boys you better listen, the answer is no

Girls, girls, girls, we're talkin' 'bout
Boys, boys, boys, we're talkin' 'bout
All the little things you do
Makes us crush on you!

Girls, girls, girls, we're talkin' 'bout
Boys, boys, boys, we're talkin' 'bout
All the little things you do
Makes us crush on you!
It's just girl talk!
It's just girl talk!

We rock our music, cars, and skates,
talk about your girly tricks and traits!
Sports and party, psp,
watchin' scary movies on dvd!

So listen up girls it's all about us:
So don't get us wrong, it's only girl talk!

The Wabin' girtalk
The Wabin' girtalk

Are we gonna tell it's all about them?
Making them feel they're part of the show
Are we gonna tell the truth about us
Boys you better listen, the answer is no

Girls, girls, girls, we're talkin' 'bout
Boys, boys, boys, we're talkin' 'bout
All the little things you do
Makes us crush on you!

Girls, girls, girls, we're talkin' 'bout
Boys, boys, boys, we're talkin' 'bout
All the little things you do
Makes us crush on you!

All the little things you do
(Wanna hear you louder so shout it out: BOYS!)
Girls, girls, girls shout it out: we are talking about
Boys, boys, boys shout it out: we are talking about

All the little things you do
Wanna hear you louder so shout it out: BOYS!

Shout it out: BOYS!
Shout it out: BOYS!
Shout it out: BOYS!
