This is my story, this is my song
And if you feel me then sing along
Cause we're all the same at the end of the day
Wherever we are

Not just a story no simple song
Bigger than you and bigger than me
Now just come along
Two worlds colliding, no more dividing
One heart and one mind

The world's our stage
It's time to play
Listen when I say

Hello world! We're born to make you party
Hello world! We're here to get it started
Come on raise your voice
Come and make some noise
We are all one and the same

Hello world
Hello world

This is our music, this is our beat
Get on the floor just move your feet
Feeling the magic reach out and grab it
Get off your seat.

The world's our stage
Now here we go
Let water dance and lyrics flow
Celebrating life is what we do

Hello world! We're born to make you party
Hello world! We're here to get it started

Come on raise your voice
Come and make some noise
We are all one and the same

Hello World
Hello World

The world's our stage
It's time to play
So everybody say
Everybody say, say

WAB it up! Lets get loud
WAB it up! Scream it out
WAB it up! So go, go, go
WAB it up! Come on, don't get slow
WAB it up! Break the wall
WAB it up! Let water fall
WAB it up! Enjoy the show

Hello world! We're born to make you party
Hello world! We're here to get it started
Come on raise your voice
Come and make some noise
We are all one and the same

Hello World
Hello World
Hello World
Hello World
Hello World
Hello World

Come on raise your voice
Come and make some noise
We are all one and the same

Hello World
Hello World
