All wrapped up in the day  
So much to do  
So little time  
For the things I could say  
I feel so confused  
Don't know where I belong  
I can't find the words  
To raise my voice  
In this land where a song  
lis just for the birds

So I wish on a star  
Shining down on me from afar

How do the the stars above  
Know what I'm dreaming of  
Seems like everyone walking on this earth  
Knows a light in the sky  
We're not alone, never alone

All for one, one for all  
Together we stand  
So alive  
Music brings down the walls  
And we are the band

So I wish on a star  
Shining down on me from afar

How do the the stars above  
Know what I'm dreaming of  
Seems like everyone walking on this earth  
Knows a light in the sky

How do the the stars above  
Know what I'm dreaming of

Seems like everyone walking on this earth  
Knows a light in the sky

When I'm feeling lost and all alone  
And now the world seems so square  
Though its hard to carry on,  
It's alright, 'cause I know someone cares

So I wish on a star  
Shining down on me from afar

How do the the stars above  
Know what I'm dreaming of  
Seems like everyone walking on this earth  
Knows a light in the sky  
We're not alone, never alone
