"Women Is A Devil"

Me and the devil walkin' side by side
Me and the devil, gonna take you on a long and evil
ride
The women is a devil
thats what I've been told
Women is a devil, thats what I've been told
She'll take all your money
Then she'll spend all your gold

alright,

well she feel like dyin'
only twenty-one
well she feel like dyin'
but she only only twenty-one
she not the only,
she not the only one

alright,

Gonna save the whole world, alright
