I look around
But I don't see you flying
I'm stuck here on the ground
And I'm soaking wet from all the crying

It seems that everywhere
The criminals are winning
In places like Washington DC
Oooh, and that's the beginning, yeah

I would love to save the world
And I would love to change the world
But Superman, don't you think that it's time
That you came back around just to make it all alright
Make it all alright, alright

Hey Superman (x2)
I would love to save the world
I would love to change the world
But I can't, no I can't without you

Hey listen Superman, please answer my call
You see I'm just a little girl
And only human after all
Oh believe me, I've tried to battle hate and greed
But it's beginning to look like John (Lennon) was wrong
And love is not all that we need
Tell me what do we need?

Hey Superman (x2)
I would love to save the world
I would love to change ...

Hey...

Hey Superman (x2)
I would love to save the world
I would love to change the world

Hey...

I would love to save the world
I would love to change the world
I would love to save the world
I would love to change the world
But I can't, no I can't without you
