[Digi Pack Bonustrack]

[-Lars :]

Fight hard

Live fast

[-Kai :]

Play loud

Step out of the crowd

[-Lars :]

Iron Rulin'

[-Kai :]

Steel bent

Foreber the faith will live on in our hearts

[-Lars :]

There's nothing else in all the world that will

[-Both :]

Bring it down

[-Kai :]

We will play our wildest step

[-Both :]

To all around

We need it as a liquid in our veins

Instead of blood

[-Lars :]

Power

Burnin'

[-Kai :]

Brains Out

United metallians are ready to strike

[-Lars :]

White heat

Red hot

[-Kai :]

Mayhem

If it's not in your blood you won't understand

[-Kai :]

There's nothing else in all the world that will

[-Both :]

Bring it down
[-Lars :]
We will play our wildest step
[-Both :]
To all around
We need it as a liquid in our veins
Instead of blood

Heavy Metal is the law that
Keeps us all united free
A law that shatters earth and hell
Heavy Metal can't be beaten
By any dynasty
We're all wizards fightin'
With our spell

[Solo Lars/Both]

[Chorus]
