Assholes and opinions  
Everyone's a saint  
I say don't discriminate  
Let's increase the hate

Manipulating governments  
The TV is their tool  
God is saying just be praying  
Everything is cool

Preachers praying on their flock  
Mounting them on holy cock  
Shove a bull whip up your ass  
And call it art, I have to laugh

Our world is run by power hungry  
Selfish, greedy pricks  
They want us to divide  
Unite and turn the tide

Kill, kill, kill  
Kill the assholes  
Kill, kill, kill  
Kill all the assholes

Kill, kill, kill  
Kill the assholes  
Kill, kill, kill

We're gonna rise  
Unite and turn the tide  
Join in the fight  
Kill the assholes tonight

Politicians, looking to  
Get their pecker piped  
Jesus freaks killing  
In the name of human rights

The Ozone decay  
What's the fucking deal?  
Looking for a meteor

In your unhappy meal

Space ships, aliens  
Titanic sinks again  
Peace in the Middle East  
When will the madness end?

Our world is run by power hungry  
Selfish greedy pricks  
They want us to divide  
Unite and turn the tide

Kill, kill, kill  
Kill the assholes  
Kill, kill, kill  
Kill all the assholes

Kill, kill, kill  
Kill the assholes  
Kill, kill, kill

We're gonna rise  
Unite and turn the tide  
Join in the fight  
Kill the assholes tonight

When the toilet is full  
You flush down the waste  
And our toilet is full  
And floating in space

When the toilet is full  
You flush down the waste  
And our toilet is full  
And floating in space

We're human waste  
Floating in space  
Human waste
