=====

It doesnt matter how you wear your hair,
It's what's inside your head
United foreces stand for all good and fair,
Black, white, yellow, and red.

UNITED forces
UNITED forces
UNITED forces
UNITED forces
UNITED forces
UNITED forces

Skinheads and bangers and punks stand as one
Crossover to a final scene
United forces and their job wont be done,
Until the world can see

UNITED forces
UNITED forces
UNITED forces
UNITED forces
UNITED forces
UNITED forces

No rednecks, no jocks, no macho bullshit attitudes
United forces cant be stopped
No rednecks, no jocks, no macho bullshit attitudes
United forces cant be stopped
