Rollins called up and he wants his tattoos  
Laugh In is on and they need back their shoes  
Bob Marley called and he wants back his dreads  
just how many piercings can you put in your head?

Sid Vicious needs his razor blade and chain  
the N.Y. Dolls are back so give them back their glam  
the white riot's on and the Clash need back their sound  
with patchouli and pitbull you're  
looking so downtown

You're fucking kinkos  
You're fucking kinkos  
You're fucking kinkos  
You're just a copy... xerox
