No matter how, and no matter where,
I'm living for you, I know it now.
It's not easy for me to understand you.
That's destiny, so love me.
I am for you, my angel.

Not asking for anything more, than you could give,
is it love to the blood, the time will show us
And no matter what they say, words sharp as a glass.
Love me, and stay with me.
Is it so much?

Don't want more than you could give.
Is it too much? My angel.

This every night, and this every moment,
I'm going to save deep into blood.
For one look, for your one gesture
I will converting into pearl whatever you want.
I'm just for you, ooo

For my love,
come, hold me for a while, I don't want too much, you know
ooooo

No matter how, and no matter where,
I'm living for you, I know it know.
It's not easy for me to understand you.
That's destiny, so love me.
I am for you, my angel.

For my love,
come, hold me for a while, I don't want too much, you know
ooooo

For my love,
come, hold me for a while, I don't want too much, you know
ooooo
