I think about the fragile balance
Even if it all goes wrong, I know
I will still belong to You
Then I wake up in Your arms, I've been there all along

What if I fall down
I can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone
What if I fall down
I can't make this on my own
What if I fall and hit the ground
Now I know I won't face it alone

Breathing deep the silence
The fear that grips me still comes through
I release it unto You
There I find You waiting for me,
to open up the door

What if I fall down
I can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone
What if I fall down
I can't make this on my own
What if I fall and hit the ground
Now I know I won't face it alone, alone

Through me
With me
In me
Flowing through me, we are one!

What if I fall down
I can't make this on my own
What if I fall and hit the ground
Now I know I'm not alone
What if I fall down
I can't make this on my own
What if I fall and hit the ground

Now I know I won't face it alone
Flowing through me!
Speaking through me!
