Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me

Where you could answer my questions
The way you can show your repentance
I've wasted my time, now I know more is less... I
guess... I'll choose the logic way.

Next time you'll have time to think why L.O.V.E. is a
hard, hard thing to keep (hard, hard thing to keep)
Then you'll understand what I'm saying

Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me
'Cos again and again and again you've broke my heart

I wanna know how you're bringing me so down
'Cos it ain't nobody's love that can save me
I wanna know how you're bringing me so down
'Cos again and again and again you've broke my...

So try not regain my attention,
It's late for your useless redemption
I've wasted my life and now my heart is a mess... I
guess... I'll choose the tragic way.

Next time I have time to think why ever beaten
Is a hard, hard thing to keep (hard, hard thing to keep)
Than you'll understand what I'm saying

Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me
And you'll understand what I'm saying

You'll understand what... I'm saying

I wanna know how you're bringing me so down

'Cos it ain't nobody's love that can save me
I wanna know how you're bringing me so down
'Cos again and again and again you've broke my...

'Cos everybody tells me how to love
I can run to you right now

'Cos again and again and again you've broke my heart

I wanna know how you're bringing me so down

Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me

Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me
Ain't nobody's love that can help me
