I tried to kill those ghosts inside of me
That voice you spoke is yelling in my ears
And I don't believe in love fools...
I'd like to have those eyes you want to kiss

Wishing something
I wish I had that voice you want to hear
I believe in
And I don't believe in love fools
Do you feel something
This feeling is so hard that I can't breathe
Wishing something
I wish you'd touch my hair when I'm asleep

And I don't know
And I don't believe in love fools
I'm tired of this
The words you wrote are putting me away
I'm tired of that
I know that love was for somebody else
And I don't know... me, myself and I

You and I know
You and I try
You and I ran
Leaving old stories far behind

And it feels good
And it's so warm
Having those eyes
Playing with me, myself and I...

I tried to kill those ghosts inside of me
The voice you spoke is yelling in my ears
And I don't know
And I don't believe in love fools...
I'd like to have those eyes you want to kiss

Wishing something
I wish I had that voice you want to hear
I believe in...

And I don't believe in love fools
I believe in me... me myself and I... me, myself and
I

You and I know
You and I try
You and I run
Leaving old stories far behind

And it feels good
And it's so warm
Having those eyes
Playing with me, myself and I...

I'm tired of this... I'm tired of that...

You and I know
You and I try
You and I ran
Leaving old stories far behind

And it feels good
And it's so warm
Having those eyes
Playing with me, myself and I...
